Sec. 7-1-2 Rabies Vaccination Required for Dogs and Cats

- (a) **Rabies Vaccination.** The owner of a dog or cat shall have the dog or cat vaccinated against rabies by a veterinarian within thirty (30) days after the dog or cat reaches four (4) months of age and revaccinated within one (1) year after the initial vaccination. If the owner obtains the dog or cat or brings the dog or cat into the City of Adams after the dog or cat has reached four (4) months of age, the owner shall have the dog or cat vaccinated against rabies within thirty (30) days after the dog or cat is brought into the City unless the dog or cat has been vaccinated as evidenced by a current certificate of rabies vaccination. The owner of a dog or cat shall have the dog or cat revaccinated against rabies by a veterinarian before the date of that immunization expires as stated on the certificate of vaccination or, if no date is specified, within two (2) years after the previous vaccination. The certificate of vaccination shall meet the requirements of Section 95.21(2), Wis. Stats.

The owner shall have the animal vaccinated against rabies between one hundred fifty-five (155) and one hundred sixty-five (165) days after the exposure to a rabid animal.

The Laboratory of Hygiene shall examine the specimen and determine if the animal was infected with rabies. The State Laboratory of Hygiene shall notify the City, the veterinarian or local health department which prepared the carcass and, if the animal is suspected to have bitten a person, that person or the person's physician.
