

**PUBLIC NOTICE TO ALL CUSTOMERS OF THE
ADAMS MUNICIPAL WATER AND SEWER UTILITY**

The Adams Municipal Water and Sewer Utility (Utility) has filed an application with the Public Service Commission of Wisconsin (PSCW) to increase water rates. The increase is necessary due to a 268.23 percent increase in gross plant investment and a 110.60 percent increase in operating expenses since the last water rate case was completed in 2002.

The total increase in water revenues requested is \$323,138 which will result in an estimated overall rate increase of 55.74 percent over the water utility's present revenues and would be implemented in two steps. The proposed Step 1 increase of \$153,293 would take effect upon the issuance of the Final Decision by the PSCW. The overall Step 2 increase of \$323,138 is compared to the current rates and is an additional increase of \$169,845 over Step 1 rates. The Utility would implement the remaining Step 2 increase of \$169,845 when it notifies the PSCW that the per- and polyfluoroalkyl substances (PFAS) treatment system at Well No. 4 as authorized in docket 20-CW-103 was complete and placed in service. If the request is granted, the water bill for an average residential customer with a 5/8-inch or 3/4-inch meter who uses 8,000 gallons of water per quarter will increase \$93.37 to \$143.23, or 53.40 percent, including the public fire protection charge after Step 2 has been implemented.

A public hearing on the application has been scheduled for Monday, August 19, 2024, at 3:00 p.m. This hearing has no physical location. Parties and Commission staff appear by Zoom. Parties and Commission staff may use the telephone connection as a backup or if no practicable internet connection exists. Members of the public attend by Zoom or by audio-only telephone connection.
